PRODUCT LINEUP: VRF-AIRSTAGE[™] J-Series

Long piping length

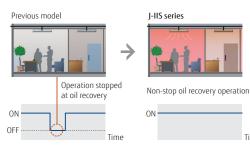

Our advanced refrigerant control technology allows us to achieve a total refrigerant piping length of 80 m. This opens up new possibilities in system design.

Non-stop oil recovery operation

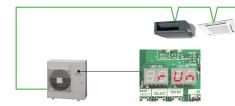

A comfortable room condition is maintained during oil recovery mode because the product continues to operate without stopping the cooling or heating operation.

Time

Easier Installation

Connection check function : Possible to confirm whether wiring connection and address setting are correct by a quick check run function.
